pression. High-quality finishing and creative design turn every bottle into a unique flagship for your brand.

A Friendly Welcome

Surprise your guests with a high-quality printed glass bottle in their room.

Homemade Beverages

Serve your lemonades, infused water, or cocktails in custom-designed bottles that enhance your offering and carry your signature style.

Tabletop Bottle

Your individually designed bottle becomes the aesthetic highlight on every table – reusable, durable, and dishwasher-safe.

Give-away & Sales

Whether as a guest gift at events, weddings, or conferences, or as a stylish retail item in your hotel shop – personalized bottles stay memorable and accompany your guests home.

Sustainable Solution

At breakfast buffets, in the spa, or on the terrace – instead of single-use plastic, customized glass bottles provide an eco-friendly self-service solution.

Your Benefits

Tailor-made solutions for everyday gastronomic use

Dishwasher safe. Suitable for everyday use. Impressive.

Our prints are durable: High quality screen printing, cured in at 600°C, ensures that logos, designs and lettering remain brilliant even after hundreds of washes. So your brand shines day by day.

Sparkling water? No problem!

Our bottles are pressure-resistant and therefore perfect for carbonated drinks – whether homemade lemonade, infused water with a tingle or classic soda water. Your tabletop bottle becomes a sparkling brand ambassador.

Regional sourcing. Short distances. A good feeling.

Over 80% of our added value comes from within a 20-kilometre radius of our location. This means less transport, more transparency, genuine sustainability – and products that not only look good, but are also environmentally friendly.

Starting at 50 bottles – also available exclusively in small quantities.

Whether you run a boutique hotel, trendy café or fine dining restaurant, we offer tailor-made solutions starting at small quantities – with personalised advice and unlimited design options.
